This class develops the ballet technique for natural movement. The curriculum includes floor work, working in patterns such as circles, diagonals, and across the floor work and creative inspiration and interpretation behind the movement. Elegant transitions between exercises are encouraged. Children will work with story-ballet in the autumn and develop more steps for small dances during the winter and spring term.

Dress code: Pink leotard, pink tights and pink ballet slippers required. Please wear your hair in a bun or pony tail, or if you have short hair, keep it off your face.
