

THE HUNGRY MIND FOOTBALL ACADEMY

Ages: 4 – 7 and 8 - 11

JOIN THE INFORMATION SESSION!!

WEDNESDAY 6 March 2019 from 1.00 – 1.45 pm.

We are very excited to introduce our New Football Academy. The Academy will be run by Ish Somart, who has more than 28 years experience of teaching children physical education and football coaching.

The main objective at THM Football Academy is that children have fun and also learn. They will learn:

- how to develop healthy bodies
- team play
- the very highest standards of sportsmanship and fair play
- socialization skills.

Ish will help the children to gain self-confidence, increase their talents, and expand their athletic boundaries while correcting the young player's in a positive way.

“Winning and losing are not the measures of our success”

The THM Football Academy wishes to promote interest in developing the child's long-range love of the sport.

At the information session you will meet the coach, find out more about our exciting programme and take part in a fun ½ hour session (**children AND parents**), so come appropriately dressed (leggings and trainers).

SIGN UP: after the session in The Hungry Mind or online at www.thehungrymind.nl.

We look forward seeing you there!
