

Do you recognize this kind of situation? People with shopping bags, on a bicycle, chatting on the street. These chats are one of the things that can make you feel at home in a new environment. Language helps you with that feeling as well.

In the conversation lessons we will practice daily life situations by talking, but also with the help of songs, games, discussing short stories, a bit of grammar, and of course we will talk about the Dutch culture. As a native Dutch speaker and experienced teacher I'd love to help you.

Are you afraid of making mistakes? Please do make them! Because that's the best way to learn something new. We will "unite the useful and the pleasant" (as we say in Dutch) in small groups (max 8-10).

The first course will start on Thursday 16th of September at 9.00 am or 10.15 am. The costs are € 60,- for 5 lessons and should be paid at the beginning of the course.
