

DUTCH CONVERSATION BEGINNERS AND ADVANCED BEGINNERS

Do you recognize situation? People with shopping bags, on a bicycle, chatting with each other. These chats are one of the things that can make you feel at home in a new environment. Speaking the local language helps you to get that feeling as well.

In the conversation lessons we will practice daily life situations by talking, but also with the help of songs, games, discussing short stories, a bit of grammar, and of course we will talk about the Dutch culture. As a native Dutch speaker and experienced teacher I'd love to help you.

Are you afraid of making mistakes? Please do make them! Because that's the best way to learn something new. We will "unite the useful and the pleasant" (as we say in Dutch) in small groups (max 8).

The costs for the lessons are per term (the amount of weeks in a term x € 12,-), and should be paid at the beginning of each course.
